ABOUT US

ABOUT US

Overview

Established in 1990, Cledop West Africa Limited has become one of the largest indigenous oil servicing companies operating in Nigeria delivering top quality engineering services. For over two decades, we have adhered to our concept of integrity in service delivery.

Our Cledop UK office was established in 2008 to manage procurement of quality materials and equipment from the international market.

In 2016, Nigerian Oilfields Services Ltd. (NOFS), a division of the Nigerian National Petroleum Corporation (NNPC), became strategic partners with Cledop to jointly source and deliver services in the oil and gas industry in Nigeria. Cledop is also into strategic partnership with SINOPEC Oilfields Services Corporation, Shengli Oilfields Highland Equipment Company and Beijing HTWB Petroleum Technology Co. Ltd

As one of the leading indigenous companies in the industry, Cledop has provided services to corporations such as ExxonMobil, Shell Petroleum Development Corporation, Total E & P, SINOPEC and Nigerian Petroleum Development Corporation to mention but a few.

Currently, we are providing drilling fluids and filtration engineering services to Total E & P (Nigeria).

ABOUT US

VISION & MISSION

Vision Statement:

To be a One-stop shop for Oil & Gas Well Drilling, Well Completion and Production services, adding value and innovation through quality Services delivery.

Mission Statement:

To become a valued business Partner providing world class integrated drilling and production support services through a well-trained and motivated workforce

Value Statement:

Integrity is our core character in Relating with all Stakeholders

ABOUT US

OWNERSHIP STRUCTURE

Cledop West Africa Limited is a fully owned Nigerian Indigenous Oil and Gas Servicing Company

The ownership structure consists of :

- 55% of the equity owned by Mr. Clement S Udoh and his wife. Mr. Udoh is also the Managing Director/CEO of CWAL.
- the remaining 45% is owned by Covenant University Ota.

ABOUT US

PROCUREMENT

Cledop (UK) Limited

Cledop (UK) Limited was founded in 2008 and manages all CWAL' s international purchases whilst also providing technical support where required.

Through her global network and experienced management team, Cledop UK ensures that CWAL supplies quality products and equipment to the operating companies in Nigeria for whom we work.

F.S. Mackenzie Limited

The corporate headquarters of F. S. Mackenzie is in the UK. This is the Company that will, in the nearest future, be handling all CWAL' s logistics. All their trucks are equipped with GPS trackers to monitor their movement.

PARTNERS

NNPC OILFIELDS SERVICES LTD

The NNPC Oilfields Services Ltd (NOFS) was established following the “Tinapa Declaration” at the NNPC Visioning Retreat held in Calabar in 2009 and was eventually incorporated as a Limited Liability Company on 6th January, 2016.

NNPC Management noted the immense opportunities that exist in the oilfield services segment of the Nigerian Oil and Gas industry. Hence, in April 2016, she signed a Memorandum of Understanding with Cledop West Africa Ltd and became strategic partners to exploit these opportunities.
